Your partner in preventive maintenance™

Fuel Service

CarbonClean® 1000

Everything you need to provide The Tune-Up for the 21st Century

- Complete, professional through-rail fuel system decarbonizing service.
- Unique time saving adapter system makes connecting to the rail simple and fast.
- Premixed detergent solution utilizes MotorVac®'s proprietary CarbonClean® chemistry.
- Online application guide.

Operates with our CarbonClean® MV5 (Part# 400-0050)

Part# 500-0220

CarbonClean® MV5

Fuel System Cleaner and Engine Decarbonizer

- Super concentrated detergent package rapidly cleans fuel system including injectors and intake valves.
- Exclusive HydroBond™ Technology uses proprietary chemistry to "steam clean" combustion chamber deposits.

Works exclusively with CarbonClean® 1000 (Part# 500-0220)

Case of 6 - 503mL cans (17 fl oz)
Part# 400-0050

CarbonClean® Fuel System Cleaner

- Rapid one tank injector & fuel system clean up.
- Eliminates ethanol related fuel issues.
- Enhances combustion by improving fuel atomization.

Case of 12 - 354mL bottle (12 fl oz)
Part# 400-2001

CarbonClean® 245

Professional Fuel System Service and Diagnostic Center

- Advanced electronic controls.
- Unique safety features allow system to run unattended.
- Fuel system diagnostic capabilities allow up to 5 different tests to be performed.

Operates with our MV3 Fuel System Cleaner (MV3 400-0020)

The CarbonClean® 245 comes with the ICS Kit Part#200-8667

Part# 500-0245

CarbonClean® MV3

Fuel System Cleaner Concentrate

MotorVac®'s proprietary gas/petrol detergent concentrate available in 236mL bottles (8 fl oz) or 946mL bottles (32 fl oz).

Part# 400-0020 Case of 12
Part# 400-0126 Case of 4

CarbonClean® MV4

Intake System Cleaning Detergent

The MV4 product is ready to use and is applied using MotorVac® ICS Kit Part# 200-8667

Case of 12 - 236mL bottle (8 fl oz)
Part# 400-0030

CarbonClean® 6Di Maintenance Kit

- Quickly breaks down and removes all sludge, varnish and deposits, and holds them in suspension until they are drained
- Eliminates ethanol related fuel issues with our exclusive HydroBond™ Technology
- Reduces by up to 85% the oil vapours that contribute to Intake Valve Deposits

Includes:
Part# 400-5000, Part# 400-6220 and Part# 400-2001

Case of 6 Kits
Kit Part# 400-1205

CarbonClean® MV6

Fuel System Cleaner and Engine Decarbonizer

- Super concentrated detergent package rapidly cleans fuel system including injectors and intake valves.
- Exclusive HydroBond™ Technology uses proprietary chemistry to "steam clean" combustion chamber deposits.

Works with any pressurized canister tool with fuel rail connectivity

Cans of 6 - 473mL can (16 fl oz)
Part# 400-0060

CarbonClean® Complete Fuel System Kit

- Cleans entire fuel system, including Intake valves and the combustion chamber.
- Smooths rough idle and reduces hesitation.
- Eliminates Ethanol Related Fuel Issues.

Includes:
Part# 400-2001, Part# 400-0060 and Part# 400-2018

Case of 8 Kits
Kit Part# 400-9910

CarbonClean® Intake Cleaner

Air Intake Cleaner

- Catalytic Converter and O2 Sensor Safe.
- Cleans Intake Plenums and Manifold Runners.
- Smooths Rough Idle.
- Reduces Hesitation.

Case of 12 - 114g can (4 oz)
Part# 400-2018

Transmission Service

TransTech™ III+

A complete professional in-line automatic transmission fluid exchange system that is now even easier to use with our new automatic flow direction technology and our exclusive in-line chemical treatment program.

- ATF exchange service complete in just minutes.
- Technician-friendly controls.
- "Smart" control system includes audible low fluid indication and automatic bypass at end of service.

Part# 500-1100B

TransTech™ In-line Service Kit

For vehicles with no dipstick. The new in-line starter kit allows the cleaner and protectant to be introduced directly into the transmission cooler system. Applies the service chemicals in the most effective way.

Includes:
Part# 400-0137EU, Part# 200-0065 and Part# 98000020

Part# 300-4110

TransTech™ ATF Cleaner & Protectant Cartridges

Case of 3 - 2-step in-line kit
236mL cartridges (8 fl oz)

Part# 400-0137EU

TransTech™ IV+

Our 2 in 1 ATF Exchange System is now even easier to use with our "one step" flow direction technology. Dip Stick or in-line Service it's your choice.

- The "one touch" electronic controls are easy to use and provide feedback during the service.
- "Drain Pan" feature makes a transmission filter change quick and convenient.
- A complete fluid exchange in just minutes.

Part# 500-1125B

TransTech™ TT2K

2-Step Cleaning and Conditioning Kit

Add the service chemical in through the dip stick.

Step 1 TT1 ATF Cleaner: Removes varnish, sludge and contaminants that build up in the transmission.

Step 2 TT2 ATF Conditioner: Rejuvenates seals and reduces the possibility of leaks. The conditioner also reduces oxidation and heat related breakdowns.

Case of 6 - 2 Step Kits
236mL bottles (8 fl oz)

Part# 400-0137

Differential Service

Diff-Vac 1000 Differential and Multi Fluid Exchange System

- Extract or exchange differential, engine oil, power steering and manual transmission case fluids.
- Air operated with 2 dedicated pump systems. Designed to be a multi purpose fluid management tool.

Part# 500-9025

Brake Service

BrakeVac II

- Complete brake system flush in just 10 minutes.
- Pressure and vacuum assist ensuring quick operation.
- Adjustable pressure regulator controls operating pressure.

Part# 500-8100

BrakeVac™ Adapter

MotorVac® has a large selection of engineered brake adapters to meet your needs. The Honda Civic adapter is for vehicles 2006-2012.

Part# 066-1100

Leak Detection

CoolSmoke® The next generation of EVAP Leak Detection

Pressure and vacuum leak diagnostics with smoke solution containing UV enhanced dye. Instant smoke, 2 ways to spot a leak, does not use heat to create smoke.

Part# 500-0100

CoolSmoke® Replacement Fluid with Dye

240mL bottle (8 fl oz)
Part# 400-1054

UV Phazer Black (AAA batteries)

Powerful True UV Light designed to work with the CoolSmoke® UV enhanced Fluid.

Part# 413075

Coolant Service

CoolantClean™ III with Flow Direction Adapter

Professional Coolant Exchange
Service in just minutes.

Part# 500-5100P

Flow Direction Adapter

Makes set-up even easier
by allowing you can see the
coolant flow.

Part# 200-8975

CoolantClean™ CC2K

2-Step Cleaning and
Conditioning kit.

Case of 6 -2-Step Kits
236mL bottles (8 fl oz)

Part# 400-0138

Vacufill™ X

The Vacufill™ coolant
exchanger with 12V waste
pump to make emptying the
the 45L (12 US Gal) waste
tank even easier.

Part# 570000X

In-Vehicle Air Quality Service

CarClean™ System HVAC & Interior Sanitizing System

- Sanitizes and disinfects the entire HVAC system and passenger cabin.
- Restores in-vehicle air quality for a healthier driving environment.
- Portable. Operates on 12 Volt DC.

Part# 500-0500

MiST™ Ultrasonic Solution

Cleans and restores the vehicle's HVAC system and cabin.
Designed to work with the CarClean™ System.

Part# 400-0501

MiST™ Vent Clip Freshener

Adds a fresh scent to the vehicle's ventilation system
and cabin.

Part# 400-0525

Power Steering Service

SteerClean™ 1000 A Fast and Efficient Power Steering Exchange Machine

- Complete a simple, safe and comprehensive flush and exchange in just 5 minutes.
- Efficient process results in a highly profitable, easy add-on service.

Part# 500-7050

SteerClean™ SCK1000

2-Step Cleaning and Conditioning kit.

Case of 6 - 2-Step Kits
236mL bottles (8 fl oz)

Part# 400-1045

Engine Service

Engine Oil Cleaner

MotorVac® Engine Oil Cleaner effectively dissolves and suspends sludge and oil deposits so they can be safely and easily removed from the engine.

- Formulated to help keep GDi engines clean.
- Extra strength cleaner designed for extended oil change intervals.
- Works with gas/petrol and diesel engines.

Case of 12 - 473mL bottle (16 fl oz)
Part# 400-5000

Engine Treatment

MotorVac® Engine Oil Treatment is designed to stabilize your motor oil and reduce intake valve deposits.

- Formulated to help keep engine oil from separating.
- Restores power and fuel economy.
- Reduces sludge caused by ethanol blended fuel.

Case of 12 - 354mL bottles (12 fl oz)
Part# 400-6220

Diesel Service

DieselTune™ Professional Fuel System Service for Diesel Engine Applications

- Variable pressure for diesel lift pumps up to 100psi or 6.8 bar.
- Safely dissolves carbon deposits on diesel engines through exclusive soak mode.
- Microprocessor-based controls for automatic operation.
- Automatically maintains correct pressure and flow for worry-free operation.

Part# 500-4006P

DieselTune™ MV3D Diesel Engine Detergent

MotorVac®'s DieselTune™ detergent is specifically formulated to effectively clean the entire fuel system and will help reduce exhaust particulate matter.

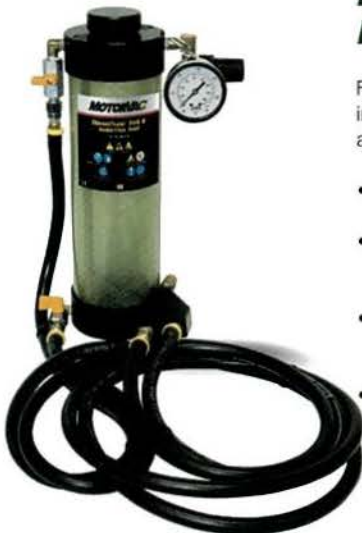

Case of 12 - 473mL bottles (16 fl oz)
Part# 400-0010

DieselTune™ Complete Fuel Supplement

- Raises cetane number by 4 to 6 points.
- Improves cold weather starting.
- Eliminates water using exclusive HydroBond™ Technology.
- Reduces DPF regeneration cycles.
- Meets CEC F 098-08 DW10 injector cleaning standard.

Case of 12 - 354mL bottle (12 fl oz)
Part# 400-3022

DieselTune™ EGR Cleaning Tool

For Diesel EGR System Cleaning on the intake and exhaust sides of the EGR valve and cooler.

- Designed for on-vehicle cleaning of the EGR circuit.
- Our EGR adapters are field tested and designed to deliver the most effective service.
- Using our Part#400-0280 and special foaming process the service gives immediate results.
- Designed for many Diesel EGR Applications including Cummins, Ford, GM, VW and more.

Part# 500-0170
Not available in Canada

DieselTune™ EGR System Cleaner

- Cleans the EGR circuit removing stubborn carbon deposits, eliminating the need for tear-down and part replacement.
- Cleans variable geometry turbo chargers (VGTs) and vanes
- Lowers emissions and smooths rough idle.

Case of 12 - 946mL bottle(32 fl oz)
Part# 400-0280

Not available in Canada

DieselTune™ Max Strength Fuel Injector Cleaner

- Exceeds industry injector cleaner standards for Cummins L-10 and CEC DW10.
- Eliminates water using our exclusive HydroBond™ Technology.
- Increases Cetane by up to 3 points.

Case of 12 - 354mL bottle (12 fl oz)
Part# 400-3012

Dual Service

CarbonClean® Dual

Works on gas/petrol and diesel fuel systems

- New variable pressure for diesel lift pumps up to 100psi or 6.8 bar.
- Two dedicated systems for more effective cleaning.
- Simple and easy control panel to operate during service.

The CarbonClean® Dual comes with the ICS Kit Part#200-8667

Part# 500-0352

CarbonClean® MV3 and DieselTune™ MV3D

The CarbonClean® Dual works with MV3 gas/ petrol concentrate and the MV3D diesel concentrate.

Part# 400-0010 & Part# 400-0020

Concentrated Fuel Treatment

Works with gas/petrol and diesel.

- Eliminates water in the fuel.
- Improves fuel atomization to increase power.

Case of 24 - 59mL bottle (2 fl oz)
Part# 400-0270
