RUSTPROOFING KIT

THE CHOICE OF AND PREFERRED BY THE PROFESSIONALS

Fogging is the best technology for spraying inside of doors, body cavities and other hard to reach areas of vehicles, aircraft, industrial machinery, or military equipment. Our kits LRP-2010K/LRP-2020K, have been put together to take the guessing work out of the equation. They combine an advanced design application gun for optimum control; a wand kit to deliver unparalleled coverage and productivity, and the dolly to make it a fully mobile system.
